CATEGORY	QUESTION	ANSWER
SAFETY	How do I tether my unit to prevent it from tipping?	Tether to the wall using tether bracket provided. Place heavier items in the lower drawers. Only open one drawer at a time.
GENERAL	How do I clean my cabinet unit?	**VENEER:** We recommend using a soft cloth to wipe the surface. If necessary, use a delicate cleaning agent that is recommended for wooden surfaces. Do not use agents containing ammonia, alcohol, bleach, or substances with abrasive surfaces. If, by accident, something spills, immediately wipe clean to avoid stains. **COUNTERTOP:** Damp cloth mild detergent. **FRAME:** Damp cloth mild detergent. **FEET / COIN SCREWS / PULL BARS:** Wipe with a damp cloth with no loose hairs, avoid using chemicals. Please note all finishes are prone to aging.
	How much weight can the drawers take?	The drawer runners are designed to withstand 40kgs. Place heavier items in the lower drawers.
	How do I level the cabinet?	Remove any weight from the unit. Adjust the feet by screwing clockwise or anti-clockwise as needed.
	How do i adjust the position of the drawers?	
	How do I remove the drawers?
